Please contact Nelson County Parks and Recreation regarding any questions you may have about coaching youth sports through NCPR or about the application process.

If selected for a coaching position:

- I agree to abide by the Nelson County Parks and Recreation philosophy, rules and regulations.
- I will provide an optimal experience for my team in a developmentally appropriate training atmosphere.
- I will treat all players, parents, NCPR staff and others involved with respect and equality.
- I will demonstrate and model sportsmanship for my team and all league members.
- I will provide a positive atmosphere to promote physical, social and emotional well-being.

Head Coach Selection Process:

- The number of coaches per age and area needed are based on the number of registrations for that specific season.
- Returning coaches in good standing from the immediate previous season of that same sport have first right of refusal for a coaching position.
- Coaches with children in the age group requesting to coach will have priority.
- Coaches wishing to coach multiple age groups will choose their top choice if slots are full. NCPR staff will work with the coach to determine the best fit.
- If we more head coach requests than teams for a certain age and area, NCPR staff will determine coach selections.
 - Additional head coach requests may be paired with selected coaches to serve as an assistant coach if agreed upon by all parties.
- Teams are limited to a maximum of 3 coach's children to be placed on a team. Exceptions may be approved by NCPR staff based on registration numbers and age group requesting to coach.
